## PRICES AND PACKAGES

## GAME ON

The 18-hole Robert Walker designed golf course at River Run Country Club appeals to every skill level and provides a memorable experience for all your event guests. In addition to providing golf carts and range balls, we will help with scoring and maintaining pace of play. Let us help organize on course sponsorships and games to increase the fun (*and fundraising*) during the round of golf. We look forward to showing you and your guests what the River Run Country Club experience is all about.
