

Hitting Sessions (No instruction)

Are you looking for a hitting session? Would you like to really challenge yourself on the tennis court, get a good sweat and have fun? Tennis hitting sessions are designed for tennis players who aren't looking for lessons but would like to hit rallies with a pro and shape up their tennis strokes, as well as simply work on repetition while achieving your cardio workout for the day.

Have fun testing your skills by taking a tennis hitting session from coach Manuel.

\$50 per hour session. For more information and questions, please contact our Director of Tennis Alejandro.Garcia@clubcorp.com
