

GRANITE BAY GOLF CLUB

“Golf As It Should Be”

- Granite Bay Golf Club is an asset shared by all golfers on the course. We are committed to a pace rating of 4 hours and 13 minutes (or less). Golfers must keep their position on the course; those who lose one clear hole on the group in front will be asked to pick up the pace. Failure to do so may require the golf staff to move group to proper position.
- Out of bounds is defined by white stakes, perimeter walls and fences. Any ball crossing the entry road is out of bounds even if coming to rest on another part of the course.
- Environmentally sensitive areas are defined as lateral hazards to the right of hole #10 and to the right of hole #16. The ESA's are identified by green-tipped stakes. There is no entry into or play from these areas allowed.
- Relief is granted from immovable irrigation objects within 2 club lengths of green, if in line of play and within 2 club lengths of the ball, ball not in hazard.
- Protection of young trees identified by stakes - If such a tree and/or stakes interferes with a player's stance or the area of intended swing, the ball must be lifted, without penalty, and dropped in accordance with Rule 24-2b (Immovable Obstruction).
- The practice greens behind #9 and #18 and to right of #7 are designated practice areas, free relief is mandatory no nearer hole under Rule 25-3.
- The Embedded Ball Rule is in effect – a ball coming to rest in its own pitch mark through the green may be lifted, cleaned and dropped at the nearest point, no nearer the hole.
